---

**Sponsorship**

Sponsorship recognition will be rewarded based on a financial threshold in which an individual's package of sponsorship items meets or exceeds. When the total value of sponsorship package meets or exceeds a certain value as set out below, the sponsor is awarded a list of sponsor rewards at no additional cost. Please find various sponsorship rewards chart (Platinum, Gold, Silver, Bronze and Congress Sponsor) for the full list of entitlements.

This sponsorship strategy allows you the flexibility to build a package, which fulfills your individual marketing requirements and budget, and at the same time offers you proportionate recognition for your financial contribution to the congress. All budgets are catered for and IRPA15 is adopting a flexible approach to ensure that your needs are fully accommodated.

**Sponsorship Principles**

The following principles underpin IRPA’s approach to congress sponsorship:

1. All sponsorship must be openly acknowledged and visible to all interested parties;
2. Sponsorship may not be used to exclude or affect the involvement of any other party;
3. IRPA retains full control of its scientific programme and the associated output from the congress; and
4. Congress sponsorship does not imply IRPA endorsement.

**Funding and Educational Grants**

IRPA welcomes any additional funding or educational grants, which would enhance the objectives of the congress. If your company or organisation is interested in supporting the Congress through this method of support, please contact es@irpa2020.org to request a detailed proposal.
